"My dad (Don Schrock) began his relationship with Klaus Mueller when Klaus worked at Switches in the Goshen Industrial Park. Kreuter Manufacturing /KMC Controls was an annual project on the DJ worksheet for over 20 years. I always admired the company's vision and commitment to a controlled growth plan that was affordable and sensible."

-Bob Schrock, CEO
DJ Construction

History:

- Working with Klaus Mueller in 1977, DJ built the first 50 ft. x 80 ft. masonry building at the current New Paris location for Kreuter Manufacturing (now KMC Controls).
- DJ was selected to design & build additions (all individual projects between 2,400 and 11,720 sq. ft.) in 1978, 1980, 1981, 1982, 1985, 1986, 1988, 1989, 1990, 1991, 1992, 1994, 1996 and 1999 to complete the current 90,000 sq. ft. facility.
- The current brick and metal office façade was first introduced on the 1981 addition.
- In 2000, DJ completed a major addition to the KMC hangar at the Goshen airport.
