## History:

DJ has partnered with the different owners of this location since 1965, constructing more than 238,000 square feet. That's nearly 5.5 acres under roof.

"The entity which Jim Rogers started as Jim's Paint Shop in 1955 has transitioned into Middlebury Moulding, Abitibi, Abitibi-Price, then ABTCO, LP Middlebury, and now IP Moulding. Through six decades, the owners have entrusted DJ with building every square foot of the facility since 1965. That's a long, proud history of working together."

--JC Schrock,  
VP, DJ Construction
